Dr. Sands called the meeting to order at 3:00 p.m. A quorum was present.

**1. Adoption of Agenda**

A motion was made and seconded to adopt the agenda. The motion carried.

**2. Moment of Silence for President Emeritus Dr. Charles Steger who passed away May 6, 2018**

After the moment of silence, Dr. Sands mentioned some of Dr. Steger's accomplishments while he was president at Virginia Tech. Dr. Sands stated that Dr. Steger's term was characterized by several really bold moves that he himself would not take on lightly or even pursue. These bold moves have shaped Virginia Tech that we know now.

**3. Announcement of approval and posting of minutes of April 16, 2018**

Dr. Sands noted that these minutes have been voted on electronically and can be publicly accessed on the Governance Information System on the Web (<http://www.governance.vt.edu>).

**4. Old Business**

**Commission on Equal Opportunity and Diversity**

Resolution CEOD 2017-18A

Resolution to Modify Caucus Criteria for Representation on the Commission on Equal Opportunity and Diversity

Dr. Deyu Hu presented the resolution for second reading and made a motion to approve. The motion was seconded, and the motion passed.

#### **Commission on Equal Opportunity and Diversity**

Resolution CEOD 2017-18B

Resolution to Modify the Membership of the Commission on Equal Opportunity and Diversity (CEOD)

Dr. Deyu Hu presented the resolution for second reading and made a motion to approve. The motion was seconded. There were two small revisions made to the resolution after the first reading. The first revision was to add "Organizations and Caucuses" as a category for one section of the membership in order to differentiate this group from the ex officio members. The second revision was to add back the third at-large-member and specify that the at-large members will consist of one undergraduate student representative, one graduate student representative, and one faculty/staff representative. A vote was taken, and the motion passed.

#### **Commission on Graduate Studies and Policies**

Resolution CGSP 2017-18A

Resolution to Incorporate an Inclusion and Diversity Education Component into Graduate Education

Dr. Kevin Edgar presented the resolution for second reading and made a motion to approve. The motion was seconded. A friendly amendment was made to change the "Therefore Be It Resolved," statement to read as follows: "that all degree seeking graduate students (with the exception of professional students in DVM and MD unless also pursuing a graduate degree simultaneously)..." in order to clarify that the requirement would apply only to degree-seeking students. After the first reading there was feedback given with concerns regarding the time it will take for faculty to implement and deliver this component. The appendix has been modified to specify courses and workshops that the Graduate School offers that can fulfill this requirement if the department does not wish to design their own course. A vote was taken and the resolution passed, as amended.

#### **Commission on Graduate Studies and Policies**

Resolution CEOD 2017-18C

Resolution to Revise the Graduate Honor System Constitution

Dr. Kevin Edgar presented the resolution for second reading and made a motion to approve. The motion was seconded, and the motion passed.

### **4. New Business**

Note: University Council By-laws state that University Council may approve a request for first reading and action on a resolution at its last meeting of the academic year by a vote of three-fourths of the membership present.

#### **Commission on Faculty Affairs**

Resolution CFA 2017-18A

Resolution to Revise Faculty Handbook Section 3.2.2: Alumni Distinguished Professors

Dr. Jack Finney first made a motion for first reading and action (commonly referred to as "waiver of first reading"). The motion was seconded. A vote was taken and the motion for action passed. A motion was then made by Dr. Finney to approve the resolution itself. The current Alumni Distinguished Professors (ADP) definition and selection criteria are too restrictive and may curtail the diversity of candidates that Virginia Tech might wish to put in an ADP position. This began a workgroup of current ADPs that looked at the entire description of ADPs and this resolution is the final product of that workgroup. The general shift is toward

contributions made to a global land grant university. The motion to approve the resolution was seconded, and the motion passed.

### **Commission on Undergraduate Studies and Policies**

Resolution CUSP 2017-18U

Resolution to Approve New Major, Nanomedicine, in Bachelor of Science in Nanoscience

Dr. Dean Stauffer first made a motion for first reading and action (commonly referred to as “waiver of first reading”). The motion was seconded, and the motion passed. A motion was then made by Dr. Stauffer to approve the resolution itself. This is a relatively new degree that currently has a major in Nanoscience. Nanomedicine will be the second major within the Nanoscience degree. Having this major will continue to put Virginia Tech in the forefront of the Nanoscience arena. This major will be a precursor to medical school. The motion to approve the resolution was seconded, and the motion passed.

### **Commission on Undergraduate Studies and Policies**

Resolution CUSP 2017-18V

Resolution to Amend Implementation for the Pathways General Education Curriculum to Extend Pathways Ad Hoc Review Committee

Dr. Dean Stauffer first made a motion for first reading and action (commonly referred to as “waiver of first reading”). The motion was seconded, and the motion passed. A motion was then made by Dr. Stauffer to approve the resolution itself. An ad hoc review committee was established to last two years to review Pathways courses coming forward. It is anticipated that there will be an additional 50 new proposals for Pathways that will need to be reviewed. This resolution will extend the ad hoc committee from two to three years in order to handle the additional 50 proposals. There is a process in place to review new proposals after the initial wave of proposals have been reviewed. A motion was made to approve the resolution. The motion was seconded, and the motion passed.

### **University Council**

Resolution UC 2017-18C

Resolution to Observe Indigenous People’s Day

As an individual member of University Council (not representing a commission), Dr. Deyu Hu first made a motion for first reading and action (commonly referred to as “waiver of first reading”). The motion was seconded. Virginia Tech is a land grant institution and the land that Virginia Tech sits on used to belong to the Native Americans. Until 1963, Native Americans were discouraged from obtaining public education. There are currently 48 Native American students at Virginia Tech, and 14 Indigenous communities are represented. This resolution will help to cultivate a positive and welcoming environment for Indigenous students by designating the second Monday of October (which coincides with Columbus Day) every year as Indigenous People’s Day at Virginia Tech. Dr. Cyril Clarke indicated that he was in support of the intention of the resolution, but he feels more time and consideration is needed for appropriate review and discussion of this issue and for that reason the waiving of the first reading is not appropriate at this time. Unlike the previous three resolutions for which a waiver of first reading was approved, this resolution was not brought through a commission so the request has not been through the full shared governance process. Dr. Hu indicated that the Commission on Equal Opportunity and Diversity met earlier in the day and is in support of this resolution. After lengthy discussion regarding this resolution and concerns about process, a vote was taken on the waiver of the first reading and the vote was defeated with only six members voting in favor of the waiver of the first reading. President Sands will issue a Presidential Policy Memorandum to recognize Indigenous People’s Day at Virginia Tech on October 8, 2018. This will allow a new resolution to be brought forward next year through the regular shared governance process with ample time for review and discussion of the proposal for an annual recognition of Indigenous People’s Day.

## **5. Announcement of Approval and Posting of Commission Minutes**

These minutes have been voted on electronically and will be posted on the University web (<http://www.governance.vt.edu>). Note that the purpose of voting on Commission minutes is to accept them for filing. University Council By-laws require that policy items be brought forward in resolution form for University Council action.

## Federal Legislative Update

## Federal Legislative Update

### Federal Agencies Affected by the Administration's Proposed Budget

## General Assembly Legislative Update

### Legislation that FAILED TO PASS included:

- Student Housing (HB658) – prohibited requiring students, outside of ROTC, to live on-campus
- Higher Education Funding (HB982) – re-based state funding around a new (yet undefined) set of performance metrics.
- Restructuring Review (HJ80) – called for a JLARC review of Level III management agreements
- Public Comment (HB1473/SB824) – required opportunity for public comment prior to any governing board vote on tuition and fee increases.
- Tuition Cap Legislation – several bills would have limited institutional authority to set tuition rates:
  - Four-year ‘class cap’ on tuition increases for each incoming cohort
  - Capping increases at various indices like the CPI or National Average Wage Index.
  - Required discounts for first responders, in-state tuition for National Guard
  - Legislation impacting pricing will be studied by the Joint Subcommittee on the Future Competitiveness of Higher Education prior to the 2019 session.

## General Assembly Legislative Update

### Legislation that PASSED included:

- Student Directory Information (HB1/SB512) – Places requirements around the release of student directory information.
- Dual Enrollment (HB3) – requires SCHEV and each public institution to establish:
  - Quality standards for dual enrollment courses.
  - Process to certify these courses as universal transfer courses that satisfy requirements at any public institution.
- Campus Free Speech (HB344) – Requires the institution to develop policies and materials related to campus free speech, annually report on such policies, and make the Commonwealth aware of free speech complaints filed in court.
- Open Educational Resources (HB454) – Directs the Board of Visitors to develop guidelines for the adoption and use of low-cost and no-cost Open Educational Resources.
- Substance Abuse Advisory Committee (HB852/SB120) – Creates statewide Advisory Committee to develop strategic plan for substance use education, prevention, and intervention at Virginia’s institutions of higher education.
- 911 Regional Authority (HB1500/SB821) – Virginia Tech and three participating localities may develop funding formula based on usage data.
- Cat and Dog Category E Research (SB28) – Prevents the Commonwealth from funding any medically unnecessary category E research using cats or dogs.
- Student Loan Information (SB568) – Requires institutions to provide estimated loan repayment amounts to students each year
