WHEREAS, financial literacy is a concern at local, national and global levels; has been strongly recommended by the Department of the Treasury for educating all university students; consumer spending accounts for more than 65% of the economy; and improved money management is key to a vibrant society; and

WHEREAS, the current Certified Financial Planning (CFP®) Certification Education option of the Major in Finance has proved popular with students and is growing rapidly; and

WHEREAS, majors, as opposed to concentrations, are highlighted in all admissions materials and can thereby create greater opportunities to attract a diverse group of both in-state and out-of-state students to meet enrollment targets for the department and college; and

WHEREAS, a major recorded on transcripts provides institutional validation of students' education, and helps position graduates for success; and companies recruit more heavily from programs whose students have a major in the field; and anticipate close to full placement of graduates; and

WHEREAS, the Major in Financial Planning and Wealth Management will educate future Finance professionals to become financial planners and teachers to directly assist current and future generations of individuals to manage resources for both near-term and future financial goals; and

WHEREAS, the Major in Financial Planning and Wealth Management is designed for students who wish to pursue a career in financial planning, and the major will allow them to gain a comprehensive education and understanding of financial products, investor behavior, and individual financial needs, which is enhanced by computational skills and technology;

THEREFORE, LET IT BE RESOLVED that the Major in Financial Planning and Wealth Management be approved for the addition to the Bachelor of Science in Business in Finance effective Summer 2022 and the proposal forwarded through University governance and to the President for approval.
