4. New Business

   A. LASO Constitution

   Discussion was had about the big changes made to the LASO Constitution. Major changes include: two presidents, adding constituent organizations, and changing the election process. A note was made that only UCSO constitutions go through CSA, and it was shared that the impeachment section is not worded clearly.

   Lastly, it was discussed that the revised document would be sent to the body for clarification with all of the changes highlighted. Ariana will also take the revised constitution to LASO for any suggested edits.
B. Undergraduate Academic Support
Discussion was had regarding the SGA academic support letter to be emailed to Provost Clark. Three of the most significant issues included were: students would like credit/no credit option again; breaks need to be enforced, as in teachers should not be allowed to schedule assignments to be due on those days; and office hours are limited to Eastern Standard Time, thus harming international students.

The University has made it clear they do not want to give another C/NC option. Students should be pushing this strongly, as it needs to be an overall collaborative effort.

It was stated that the letter is long, and was recommended that it possibly be shortened. SGA shared possibly taking the letter to the faculty senate, while CSA members encouraged SGA to move forward with having this conversation. It was shared that CSA can pass a resolution in support of the letter, but they would want to edit the letter prior to passing resolution. CSA members will get a copy of the SGA letter for review.

Lastly it was discussed that CSA push out a SPOT survey for all students.

5. Adjournment
