- b. Pathways Ad Hoc Committee

 - ii. Building Pathways Advising resources and guides and training
 - iii. Pathways Minor advising support in host dept
- d. Transfer equivalency credit review process
 - i. An adviser wants to know if the UCCGE is willing to review a transfer course for CLE credit (deemed equivalent to a non-CLE course)
 - ii. Willingness to extend our current ‘non-equivalent’ process to ‘equivalent’ transfer courses
 - iii. 1-time basis, student-by-student appeal process
 - iv. Look for patterns if the same one keeps coming up...

- v. Challenges to subs: Will the student stay in the college? Will it transfer/track across majors?
- vi. Registrar's Office 'equivalents' need to be revisited = rebuilding the transfer database
- vii. Would tell adviser about the process in place for when the student arrives to explore whether the course gets credit
 - 1. Upon review, it is questionable whether the proposed course sequence would in fact meet Area 4, but formal proposal and review may reveal otherwise
- viii. How do we make this process transparent to students so they know their options regarding transfer credit?
 - 1. On Gen Ed website = for enrolled students... use language like 'if the student believes the course meets the outcomes...'
- e. Replacement for Pathways Ad Hoc
