

2024-25 Proposed Goals: Employee Benefits Committee

Goal 1 Enhance employee awareness of the valuable programs already included in our health insurance plans, such as complimentary physicals, vaccines, and the Employee Assistance Program (EAP).

Goal 2 Explore financial well-being options and identify key information to share with employees, aimed at enhancing their understanding of financial fitness.

Goal 3 Review the decline in dentist participation with Delta Dental in the New River Valley (NRV) and assess its impact on employees. Delta Dental is the state's designated dental insurance provider.

Goal 4 Continue to evaluate and provide recommendations on the Hybrid Long-Term Care and Life Insurance program to assess its feasibility as a potential benefit for Virginia Tech employees.
